TO WHOMSOEVER IT MAY CONCERN

This is to certify that Mr. Wagh Sani Satish , Mr. Nadeem Ali Abbas Khan, Mr. Sonawane Gaurav Chandrashekhar, Mr. Patil Sagar Nandkishor student of UG course approached us for their academic project work required for partial fulfillment of the requirement to the Savitrbai Phule Pune University for Bachelor in Mechanical Engineering. We suggested them to "Increase FFT Ratio in JIT Line" as a project work & we shared the data with them on the basis of non disclosure and only for their academic purpose.

The problem included required solution through six sigma methodology, ergonomics and some design and fabrication aspects. However the group was phenomenal during actual six sigma data collection with out implementation team. They have effectively compiled the problem of "RECLINER RECTRACTING SLOW" for further improvements. The problem at our end lies half way done but the further case study developed by the group is helpful to our organization in future. We shall definitely implement improvement ideas and recommendation suggested by these students in future.

The above group have actually participated for this project work at our plant. We wish them all success in future.

Thank you.

Subject: Regarding Project Sponsorship for our B.E. students

Respected Sir,

We take this opportunity to introduce ourselves as a part of the PRAVARA family with a mission to change the face of rural India by committing development of the rural masses through technical education. We provide state of art facilities/infrastructure for the growth and development of the budding engineers. The students as part of the final year engineering of the Pune University curriculum are required to undertake a Project in renowned industries to understand the industrial work environment and apply practical thinking to the learning process. Also this increases the industry-institute interaction and thereby provides the student an opportunity to explore practical innovative/challenging ideas to be implemented and or hands on use of the cutting edge technology tools. Therefore, we request you to kindly assist the following students for undergoing project in your esteemed organization to complete the academic curriculum. According to curriculum it expected to complete 30-50% project work during first semester and remaining work till the end of second semester of this academic year 2016-17.

We request you to kindly forward an e-mail/letter to our office to saurabh.kerhalkar@gmail.com or contact 9011395332 if the company permits the student for training for our records and for proper coordination on the part of the college faculty/department. Also we request you to feel free to contact us for your Graduate Engineer Trainee (GET) requirements for fresh engineering graduates if any in the near future.
