### **2.6.1 Programme and course outcomes for all Programmes offered by the institution are stated and displayed on website and communicated to teachers and students.**

The Program Outcomes (POs) and Course Outcomes (COs) are adopted for all programs offered by the institution in accordance with “SPPU Pune” guidelines. The Learning Outcomes-based Curriculum is provided by SPPU University to suit the present day needs of the student in terms of securing their path towards higher studies or a terminal degree guiding students towards career choices.

- 1: Learning outcomes form an integral part of college vision, mission and objectives.
- 2: The learning objectives are communicated through various means such as college prospectus, Principal's address to students and parents, Alumni meets and dissemination in classroom by concerned staff. These are also prominently featured on college boards, college magazine, college website and other publications brought during conferences and seminars.
- 3: Students are made aware of the course specific outcomes through orientation programme, classroom discussion; expert lectures and practicals. Teachers are also well communicated about the outcomes.
- 4: The College deputed teachers for workshops, seminars, conferences and FDPs to enrich them to attain the outcomes while teaching learning in the classes.
- 5: Teachers actively participate in workshops on revision of syllabus organized by the University. Many teachers are also the members of syllabus sub committees, thus the process of perception and outcomes takes place in exact manner and excel the quality of teaching learning.
- 6: Successful alumni students are also invited to interact with both students and teachers at specific events and meetings where they share how their individual course shaped their career thus help in existing students align better with the specified course outcomes.
