

YEARLY STATUS REPORT - 2023-2024

Part A

Data of the Institution

1.Name of the Institution		SIR VISVESVARAYA INSTITUTE OF TECHNOLOGY, CHINCHOLI, NASHIK
• Name of the Head of the institution		Dr. G.B.Shinde
• Designation		I/C Principal
• Does the institution function from its own campus?		Yes
• Phone no./Alternate phone no.		02551271278
• Mobile no		9423787452
• Registered e-mail		principal.svitnashik@pravara.in
• Alternate e-mail		svit.nashik@pravara.in
• Address		At Post: Chincholi, Tal :Sinnar, Dist: Nashik
• City/Town		Sinnar, Nashik
• State/UT		Maharashtra
• Pin Code		422102
2.Institutional status		
• Affiliated /Constituent		Affiliated
• Type of Institution		Co-education
• Location		Rural

• Financial Status	UGC 2f and 12(B)				
• Name of the Affiliating University	SPPU Pune Maharashtra				
• Name of the IQAC Coordinator	Dr. Rajendrakumar Marutrao Abhang				
• Phone No.	02551271278				
• Alternate phone No.	9604763202				
• Mobile	9604763202				
• IQAC e-mail address	iqac.svit@pravara.in				
• Alternate Email address	rajendrakumar.abhang@pravara.in				
3.Website address (Web link of the AQAR (Previous Academic Year)	https://svitnashik.in/IQAC/SVIT_AQAR_Report_2022_23.pdf				
4.Whether Academic Calendar prepared during the year?	Yes				
• if yes, whether it is uploaded in the Institutional website Web link:	https://svitnashik.in/MainNav/AcademicCalendar.aspx				
5.Accreditation Details					
Cycle	Grade	CGPA	Year of Accreditation	Validity from	Validity to
Cycle 1	B+	2.66	2019	01/05/2019	30/04/2024
6.Date of Establishment of IQAC			06/09/2017		
7.Provide the list of funds by Central / State Government UGC/CSIR/DBT/ICMR/TEQIP/World Bank/CPE of UGC etc.,					
Institutional/Department /Faculty	Scheme	Funding Agency	Year of award with duration	Amount	
Nil	NA	NA	00	00	
8.Whether composition of IQAC as per latest NAAC guidelines			Yes		
• Upload latest notification of formation of IQAC			View File		

9.No. of IQAC meetings held during the year	2	
<ul style="list-style-type: none"> Were the minutes of IQAC meeting(s) and compliance to the decisions have been uploaded on the institutional website? 	Yes	
<ul style="list-style-type: none"> If No, please upload the minutes of the meeting(s) and Action Taken Report 	No File Uploaded	
10.Whether IQAC received funding from any of the funding agency to support its activities during the year?	No	
<ul style="list-style-type: none"> If yes, mention the amount 		
11.Significant contributions made by IQAC during the current year (maximum five bullets)		
1-The institute conducts semester-wise academic and administrative audits, along with an academic monitoring system, to uphold academic standards and closely track student progress.		
2. Encouraging faculty to join professional bodies like IICHE, CSI,IETE, ISME, CMA & ISTE keeps them updated on the latest developments. Faculty Development Programs (FDPs) fosters knowledge sharing and professional growth. Connecting faculty with peers and industry experts creates a culture of continuous learning for mutual benefit.		
3.To enrich the knowledge of both faculty and students, we've made MOOC, NPTEL, and AICTE courses compulsory. Faculty and technical staff are receiving training in nearby industries. We're facilitating online expert lectures, seminars, visits, and collaborative projects with alumni for each department.		
4. We've enhanced our promotional efforts through partnerships with industries and the signing of MOUs. Our academic calendar now incorporates technical training, along with aptitude and skill-based learning, ensuring our students are well-prepared for the workforce.		
5.1.Throughout the year, mandatory hands-on training, including project-based learning and internships, has been introduced for second and pre-final-year students. Industry partners offer certification upon completion. Regular check-ins and virtual networking events are held to assess students' progress and keep them informed about the latest trends in their fields.		

12. Plan of action chalked out by the IQAC in the beginning of the Academic year towards Quality Enhancement and the outcome achieved by the end of the Academic year

Plan of Action	Achievements/Outcomes
Structured academic and activity calendars have been implemented at both the department and institute levels.	The department and institute have adopted preplanned academic and activity calendars to ensure timely completion of academic requirements and smooth execution of extracurricular activities. This system optimizes time and resources, enabling effective planning for students and faculty to achieve their goals efficiently.
Enforced mandatory project-based learning and internships for second-year and pre-final year students, providing hands-on training with industry certification upon completion.	Implemented compulsory internships and project-based learning after the academic year for second and pre-final-year students to provide hands-on training and industry certification. This approach ensures practical learning, and exposure to industry developments, and enables students to showcase their skills to potential employers.
Implemented SOP in the institute	Establishing efficient systems and processes, including leveraging technology, clear policies, and fostering a culture of accountability, ensures smooth academic and administrative activities. This approach creates a positive learning and working environment, supporting the achievement of institutional goals.
Promotion of collaborations and Linkages by signing MOUs with Industries.	Faculties and students benefit from research opportunities through industrial visits, expert lectures, seminars, and

	<p>skill development activities.</p> <p>These initiatives offer practical learning experiences and opportunities to network with professionals, supporting academic and professional success for both faculties and students.</p>
Expert lectures/ Seminars & workshops conducted for competitive exam	<p>To inspire students to pursue higher studies like postgraduation, MS, and MBA, we organized special expert lectures and seminars. These sessions aimed to offer guidance and support to students aspiring for higher positions in private and government organizations.</p> <p>These initiatives played a crucial role in motivating students and aiding them in achieving their career aspirations.</p>
Activities like Womens day, Yoga day, all festival days, Environmental Day etc were conducted in the institute	<p>The institute actively promotes social activities and awareness, celebrating events like Women's Day, Yoga Day, festivals, and Environmental Day. These activities deepen students' understanding of social issues, fostering a sense of community and inclusivity. They also encourage student engagement, promoting empathy, understanding, and positive change within the institute and beyond.</p>
Extension /Social Activities	<p>Promoting extension and social activities is crucial for fostering a better and more cohesive society. Initiatives like tree plantation, blood donation camps, NSS Foundation National Unity Day, and Youth Vision for New India play a</p>

	vital role in encouraging social responsibility and community engagement. Participation in these activities allows individuals to contribute to societal improvement and gain a profound sense of purpose and fulfillment. Let's continue to prioritize and support these initiatives for the betterment of our communities and our country.
Unit Test exam conducted	To enhance faculty skills and knowledge consistently, we organize a Faculty Development Program (FDP) each semester. This program offers opportunities for professional development, aiming to boost the expertise of faculty members, ultimately enabling them to better serve their students' needs.
Software's/ Computers	Upgrade computers and software's as per the need
13. Whether the AQAR was placed before statutory body?	Yes
<ul style="list-style-type: none"> Name of the statutory body 	
Name	Date of meeting(s)
Local Management Committee	08/02/2023
14. Whether institutional data submitted to AISHE	
Year	Date of Submission
Yes. Academic Year : 2023-2024	15/02/2024
15. Multidisciplinary / interdisciplinary	
Today's world requires multidisciplinary skills and we should	

provide opportunities for our students to acquire such skills. Many jobs don't require subject specialization, for example- Banking, government service, business, entertainment etc. Most Indian students are actually unaware of their strengths and weaknesses when starting the UG degree, so Give them a chance to explore many things and then choose a path with open eyes. Interdisciplinary research-based teaching is a novel way to engage students to think rather than understand an existing body of knowledge. Interdisciplinary teaching and research requires a team that gathers information, data, techniques, tools, perspectives, concepts, and/or theories from two or more disciplines. Its purpose is to solve problems whose solutions are beyond the scope of a single discipline or area of research practice. Interdisciplinary teaching and research is more productive than multidisciplinary teaching and research as the former leads to the integration and fusion of knowledge whereas the latter may not. It would be interesting to look at the Indian scenario for the promotion of multidisciplinary teaching and research. The institute authorities recently convened a meeting to discuss the implementation and enhancement of assessments for educational approaches in undergraduate education that integrate the humanities and arts with Science, Technology, Engineering, and Mathematics. These approaches have consistently shown positive learning outcomes, including increased creativity and innovation, critical thinking, problem-solving abilities, teamwork, communication skills, more in-depth learning and mastery of curricula across fields, and increases in social and moral awareness. The aim of such a holistic and multidisciplinary education is to develop all capacities of human beings - intellectual, aesthetic, social, physical, emotional, and moral - in an integrated manner. It seeks to help develop well-rounded individuals in fields across the arts, humanities, languages, sciences, social sciences, and professional, technical, and vocational fields, and an ethic of social engagement, along with soft skills such as communication, discussion, and debate. To achieve this, the university has planned to introduce a new syllabus structure, adjusting the lengths of degree programs accordingly. Undergraduate degree programs will be of either 3 or 4-year duration, with multiple exit options within this period, and appropriate certifications, such as a certificate after completing the first year in a discipline or field, including vocational and professional areas, or a diploma after two years of study, or a Bachelor's degree after a three-year program. The four-year multidisciplinary Bachelor's programme, however, shall be the preferred option as it allows the opportunity to experience the full range of holistic and multidisciplinary education. Also university introduced new UG programmes such as, AI & DS, Robotics &

Automation, AI & ML, Electronics & Computer etc. & our Institute had started Electronics & Computer programme from this academic year. Overall, this initiative aims to provide students with a comprehensive and well-rounded education that will equip them with the skills and knowledge necessary to thrive in their chosen fields while also contributing positively to society.

16.Academic bank of credits (ABC):

The institute is gearing up to introduce a credit facility in the upcoming years, which is part of the Government of India's National Education Policy (NEP-2020). This innovative scheme will establish a digital infrastructure to store the academic credits earned by students from various higher education institutions across the country. The Academic Credit Bank (ABC) or National Academic Bank of Credits (NABC) will play a pivotal role in this initiative, with responsibilities that include the opening, closing, and verification of individual academic accounts for students. Students and institutes register all courses on this portal, "Credits awarded to a student for one program from an institution may be transferred/redeemed by another institution upon student consent". Credit transfer is the key to successful study mobility. Our institute registers on the ABC portal which will help the students in the following situations for example- 1.If a student wants to learn a particular course that is not available in our institution: - Take the course via other recognized institution / web portal and deposit credits in NABC --> redeem credits in our institute 2. If the student changes his residence / takes a break in the middle of program: - Ask the institute in a new city to access NABC and redeem credits deposited there 3. If students are unable to attend a course in your institute due to timetable clash / some other reason: - He/she may Take the course via another recognized institution / web portal and deposit credits in NABC --> redeem credits in your institute 4. A famous teacher is teaching a particular course in another institution: - If our institute allows, the student can take that course in lieu of a similar course in our institute. The ABC will also gather and verify the academic credits earned by students from their respective institutions, store and transfer the credits, and promote them as required. To ensure successful implementation, the institute has engaged in detailed discussions regarding the methodology to be adopted for the graduate courses. The features and functions of the academic credit bank will be implemented on a trial basis, with a view to expanding the initiative in the future. Overall, the institute's plan to introduce the academic credit bank is a significant step towards transforming higher education in India. By providing a robust digital infrastructure for storing

academic credits, this scheme will empower students and enhance the efficiency of the higher education system.

17.Skill development:

The institute has taken several initiatives to provide practical education to its students and equip them with essential soft skills. Industrial internships are regularly conducted for each branch, and soft skills programs are made compulsory in the curriculum in alignment with National Skills development schemes. A separate Skill Development Cell has been formed to organize entrepreneur skill development activities, and students are encouraged to undertake sponsored projects. The faculty members are also actively involved in identifying projects for students, and the institute provides support to students and faculty members to participate in various project competitions. The institute also organizes several technical events every year, such as paper presentations, project exhibitions, robot competitions, and aptitude tests are conducted by every department. Students and faculty members are provided with access to various software, NPTEL, e-resources, and Shodhganga references in teaching and learning. Regular assignments are given, and students are assessed on completion of each unit. Students are also required to visit industries to learn practical things and submit a detailed report of their visit or in-plant training. The institute follows the footsteps of the parent organization by organizing extension activities in the neighboring rural communities. These activities aim to sensitize students to social issues, good values, service orientations, good citizenship, and holistic development. The institute has a National Service Scheme (NSS) unit in collaboration with the Savitribai Phule Pune University. During the camp, expert lectures on leadership development, personality development, the importance of cleanliness, youth, and their challenges, chemical and environment balance, and blood donation importance are organized. NSS also conducts various activities such as tree plantations, Swaccha Bharat Abhiyan, awareness programs on hand washing and disease prevention, health checkup camps, blood donation camps, Thalesimiya Checking, AIDS awareness, road safety. National Unity and Commitment Day, and National Youth Day. Overall, the institute's initiatives demonstrate its commitment to providing students with comprehensive education that includes practical learning, project based learning, soft skills development, and community service.

18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)

The institute is committed to promoting and preserving India's rich cultural heritage, both ancient and modern. With a focus on

education, health, and the environment, it is essential to prioritize the conservation and advancement of India's cultural wealth. By instilling a strong sense of cultural history, arts, languages, and traditions in children, the institute aims to nurture positive cultural identities and boost self-esteem. This is achieved through regular community and social activities, despite the limitations of being a technical institution. Apart from strengthening cultural identity, awareness, and uplifting societies, the arts are known to enhance cognitive and creative abilities, as well as individual happiness. As such, the institute has taken steps to enhance the arts and culture by documenting its efforts on a web based platform, portal, or wiki. This platform will serve as a central library for the institute's collection of videos, dictionaries, recordings, books, and other resources that showcase people speaking languages, telling stories, reciting poetry, and performing plays, traditional songs, and dances, among other cultural practices. By preserving local arts and culture, the institute hopes to inspire future generations to appreciate and value their cultural heritage while promoting a sense of pride and belonging among individuals. As we know that the Ancient Indian medicine, often referred to as Ayurveda, is a holistic and ancient healthcare system. •Ayurveda is deeply rooted in the principles of natural healing and balance, focusing on the interconnectedness of the mind, body, and spirit. •Ayurveda is a state of balance between the three doshas–Vata (air and space), Pitta (fire and water), and Kapha (earth and water). •Imbalance in these doshas is believed to be the root cause of diseases Hence not only to enrich technical knowledge among the students, institute took step to enrich the students with knowledge about Ayurveda by planting many medicinal plants in college campus. This initiative represents the institute's unwavering commitment to education, culture, health and community development in India.

19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):

Focus on Outcome based education (OBE): The assessment tools and processes utilized for measuring the attainment of Program Outcomes (POs) and Program Specific Outcomes (PEOs) are comprehensive and designed to evaluate student progress through direct and indirect methods. Direct methods include direct examinations and observations of student knowledge and skills against measurable course outcomes. The knowledge and skills described by the course outcomes are mapped to specific problems on university examinations, internal exams, and home assignments throughout the semester. Assignments are given at the end of each unit, and the questions asked are mostly aligned with the course outcomes of the respective subject. Projects done by

students during their academic program are assessed through progress review presentations and final vivas. Indirect assessment strategies are implemented through Student Exit Survey, Employer Survey, and Alumni Survey. A few of the POs are assessed based on relevantly developed rubrics. The program outcomes are assessed with the above mentioned data, and the Program Assessment Committee concludes the PO attainment level. Attainment of each subject is calculated by considering the average percentage result of the last three years, and this becomes the target for the next year of that respective subject. The attainment level is categorized into three levels: Attainment Level 1, Attainment Level 2, and Attainment Level 3, depending on the percentage of students who score more than 60% marks out of the maximum relevant marks. The results of course outcome attainment are used to evaluate the attainment of program outcomes (POs) to identify the course outcomes. The outcome of analysis is used to improve the teaching and learning experience in the particular course. These course outcomes are produced based on the requirement of the program outcomes (PO), and each course outcome will be mapped to the PO (CO-PO) matrix. The PO is then mapped to PEO, establishing a relationship between CO, PO, and PEO. Assessment methods are designed in such a way to achieve the POs, and teaching-learning is essential to ensure students acquire the knowledge or skills required. This method evaluates the attainment of course outcomes by using students' marks, which consist of final examination marks obtained, class tests, regular assignments, projects, etc. Targets are set for each CO of a course, and different groups of students are evaluated separately. The institute is moving from traditional education to outcome-based education. By this process, some students may be happier with the new teaching learning and evaluation process. Finally, the course outcomes are attained to program outcomes, and the performance of students is improved based on the identification of weak and bright students. Overall, the assessment tools and processes used for measuring POs and PEOs are comprehensive, and the approach allows for continuous quality improvement (CQI).

20.Distance education/online education:

Distance and Open Learning (ODL) is a unique approach to impart education to learners who are geographically and temporally removed from teachers or teaching institutions, often due to economic, social or other considerations. To make vocational education and training more appealing to learners, it is essential to provide state-of-the-art infrastructure, equipment, and trained personnel. ODL can play a more effective role in providing vocational education by facilitating placements and internships. Our institute organises

online expert talks for students & teachers on latest revolution in technologies & motivate them to participate in online FDPs & STTPS. Our institute has taken concrete steps to provide ICT facilities that cater to the needs of all departments. We encourage all departments to participate in and implement the best teaching and learning techniques. Our teachers plan and execute their course delivery using modern ICT resources, while also adopting teaching tools based on their understanding of the students' basic analysis. All classrooms in our institute are equipped with a sufficient number of benches, natural ventilation, platforms, and green/blackboards. Majority of the classrooms have LCD projectors with internet facilities to enable the use of ICT resources. We also ensure that all classrooms are cleaned regularly to maintain an overall ambience. Our infrastructure is designed to facilitate various technical activities such as seminars, workshops, expert lectures, conferences, campus recruitment training sessions, and more. To ensure the optimum utilization of our resources, we conduct regular aptitude tests for all students in SE, TE, and BE, along with GATE training sessions by each department. Our institute provides remote access to e-books, e-journals, and e-library to facilitate research culture among staff and students. Our library is updated with the latest journals as per the requirements of each department. It contains 73 hard copies of journals along with e journals from Springer, J-Gate, DELNET, NDL, IEEE, ASTM, Science Direct, previous project reports, PhD theses, and rare books. We have implemented software to generate all types of reports required for the library audit. The process of issuing and returning books is fully automated, and manual cards are kept as supporting documents for students and faculty. Our institute is a registered member of reputed libraries like IIT Bombay, British Council Library, Jaykar Library SPPU Pune, NDL, and has taken membership from IIT Bombay central library, British Council Library, Jaykar library SPPU Pune, National Digital Library of India IIT Kharagpur, to provide access to NPTEL video facilities for staff and students. We ensure the maintenance and upgradation of our physical facilities on a continuous basis through yearly budget provisions. Our central library contains an adequate number of books, journals, project reports, competitive examination books, and question papers. We also provide access to e-journals, ebooks, NPTEL video lectures, SWAYAM PRABHA (MHRD), and Jaykar library of SPPU membership to maintain the quality of education.

4.3 Total number of computers on campus for academic purposes	385

Part B

CURRICULAR ASPECTS

1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

The institute is affiliated to Savitribai Phule Pune University and hence implements the curriculum prescribed by the university. Before the commencement of every academic year SPPU notifies academic calendar on the university website. Principal conducts meetings with all the department heads to develop strategies for effective implementation of the curriculum. Dean academic prepares institute academic calendar including curricular and co-curricular activities. Accordingly Heads of the Department prepare activity calendar of their department. Department time table is prepared and displayed on student notice boards. The teaching and laboratory plans are approved by HOD before the start of semester and communicated to students by respective course teacher. The course delivery in class rooms is done using blackboard, chalk and also Power point presentations using ICT tools. The college provides ample books and other teaching and reference materials like journals, magazines, ICT tools and software's to enable its teachers to ensure effective delivery of curriculum. Teaching learning is made student centric by employing techniques such as assignments, group discussion, printed lab manual, previous year question papers, brain storming, use of NPTEL lectures etc. Attendance of student is monitored and syllabus completion review is conducted at the end of every month.

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

Academic calendar is prepared for the institute referring to the academic calendar of Savitribai Phule Pune University. With reference to institute calendar HOD and academic coordinator prepares departmental academic calendar. All departments adhere to the planning made in the academic calendar. At the start of academic calendar commencement of academics and Registration of FE to BE students for respective classes is mentioned. Conclusion of teaching date is also mentioned. Various events to be conducted throughout the semester such as Engineer's day, Teacher's day and various exams are mentioned in the calendar and followed. Continuous assessment record for the course is done and maintained by respective course teacher as per guidelines decided by the institute. Each practical is assessed for 10 marks out of which 5 marks are allotted for performance of practical and oral during practical and 5 marks are for completion/writing of journal. Average of all experiments is calculated out of 10 marks. Marks on the basis of overall attendance in all theory subjects are out of 5. Marks on the basis of class test/preliminary exam/assignments are converted to out of 10 marks. Based on above calculation marks are awarded to the students for term work.

1.3 - Curriculum Enrichment

1.3.1 - Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum

All departments in the institute have courses in curriculum which integrates cross cutting issues relevant to Gender, Environment and Sustainability, Human Values and Professional Ethics. Institute encourages boys and girls to participate in sports and cultural events. Girls and Boys rooms are available in the institute with all amenities. Internal complaints committee has been established for Counseling of students on received grievances. The cell has been organizing various programs for girl students such as Women's safety, health checkup, personality development for boys and girls. Girls and boy's hostels are available within college campus and common rules are made for both. Considering depleting energy sources and Pollution College has installed own solar power plant of 100KW. College has been conducting various social events such as tree plantation, rallies in nearby villages on energy conservation, save water rallies, seminars. College has NSS cell which conducts various environment related activities. A necessary part of curriculum is to inculcate good Human values among students. College has constructed ramp near staircase for physically challenged students. Lift facility is also made available to the students. Institute has given equal importance to professional ethics along with academics because knowingly and willingly students should not do wrong things.

2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

2.2.1 The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners:

The bright students are named as fast learner. Fast learner students are identified based on previous year's university examination results. Students having result SGPA ≥ 7.5 are treated as fast learners.

The weak students are named as slow learner. Slow learner students are identified based on previous year's university examination result and feedback from class teacher and mentors. Students having result SGPA ≤ 5.5 or fail in one or more subjects along with supplementary advice from class teacher/mentor are treated as slow learners.

Remedial coaching classes for fast learners':

Fast learners are provided several opportunities to develop their knowledge and skills.

Remedial coaching classes for slow learners':

More attention is given towards slow learners for their academic improvement and to enhance their performance. The students are also given extra assignments for each subject. Additional reading material and books in simple form is made available to increase their understanding of the subject.

2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

Sir Visvesvaraya Institute of Technology Engineering College considers in the adoption of students centric methods to enhance student involvement as a part of participative learning and problem solving methodology. Annual Social Gathering, Sports, Role Plays, Team works, Debates, Seminar Quizzes and case studies specifically Students centric Teaching Methods are reflected in project work, Field Visit, Technical Events, Industrial visit and guest lectures and hands on training.

Specifically the student's centric methodology includes:

A: Experiential Learning

1: Project work- Project work is organized in two phases 1) Mini project and 2) Major Projects: 2: Participation in competition at various levels

3: Field Visits and Industrial Visits

4: Guest Lecture/Workshop/Hands on Training/Seminars

B: Participated Learning:

1: Teamwork-All Departments organize student's activities to promote the spirit of team work.

2: Debates

C: Problem solving Methodology:

1: Case studies- Case study method is adopted in teaching learning process to make the students have logical thinking and practical knowledge to develop problem solving ability.

2: Analysis and Reasoning- Extra lectures are scheduled for aptitude and logical reasoning.

3: Quizzes - quizzes are organized by each department.

4: Research Activities

2.3.2 - Teachers use ICT enabled tools for effective teaching-learning process. Write description in maximum of 200 words

2.3.2 Teachers use ICT enabled tools for effective teachinglearning process.

College uses Information and Communication Technology (ICT) in education to support, enhance and optimize the delivery of education. The following tools are used by the Institute ICT Tools:

1. LCD Projectors

2. Desktops

3. Printers and scanners- They are installed at Labs, HOD Cabins and all prominent places.

4. Photocopier machines -are available at all prominent places in the Institute.

5. Seminar Rooms- Seminar halls are equipped with all digital facilities.

6. Smart Board- Three smart boards are installed in the campus.

7. Auditorium- It is digitally equipped with mike, projector, cameras and computer system.

8. Online Classes through Zoom, Google Meet, Microsoft Team, Google Classroom)

9. MOOC Platform (NPTEL) Use of ICT by FacultyA. Power Point presentations

B. Industry Connect- Seminar and Conference room are digitally equipped where guest lectures, expert talks from industry and various competitions are regularly organized for students.

C. Online quiz

D. Video Conferencing

E. Video lecture

F. Online competitions- Various technical events and management events such as Poster making, Project presentations, Debates, paper presentations etc. are being organized with the help of various Information Communication Tools.

2.5 - Evaluation Process and Reforms

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

2.5.1 Mechanism of internal assessment is transparent and robust in terms of frequency and mode

Transparency initiatives taken at institute level:

There is a standard process of internal examination in the college. According to the academic calendar, a student has to appear in 2-Unit test, 3- Assignment and Preliminary examinations, apart from University examinations. The schedule of the internal examination is decided at the beginning of the session, in the form of academic calendar. According to the academic calendar, a teacher has to take unit test, which may be in the form of written test. The marks of unit test are shown in the classrooms and each student can ask about its performance. They can observe their test copies. Record of obtained mark is written in register. If there is any difference or discrepancy in their marks, it can immediately be corrected. The test copy of unit test is shown to students for their observation. Some teachers analyses the solution and method of solving the paper in the class-rooms, especially in mathematics. The concerning subject teacher keeps the record of all internal exams, e.g., unit-test, Preliminary exams, if it is not secret in the university level.

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time- bound and efficient

2.5.2. Mechanism to deal with internal examination related grievances is transparent, time- bound and efficient

Sir Visvesvaraya Institute of Technology Engineering College is an affiliated under the University of SPPU Pune and therefore it follows the guidelines set by the University for the Conduct of examinations. For every Semester University conduct two examinations. First examination (INSEM) for 30 marks and at the end of the semester (ENDSEM) 70 marks final examination is conducted. The Internal Assessment forms a part of a continuous evaluation system conducted through Class Tests, Tutorials, Assignments, Projects selection and progressive presentations. All of these together constitute an integral part of Internal Examination which is carried out in a wellplanned and systematic manner. The institution has a well-defined system in place to deal with examination related grievances. The College has adopted an online system where each student can view their total assessment marks at the end of each semester and can report discrepancies, if any, within a specified time period after which the marks are finally uploaded on the University portal.

2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme and course outcomes for all Programmes offered by the institution are stated and displayed on website and communicated to teachers and students.

2.6.1 Programme and course outcomes for all Programmes offered by the institution are stated and displayed on website and communicated to teachers and students.

The Program Outcomes (POs) and Course Outcomes (COs) are adopted for all programs offered by the institution in accordance with "SPPU Pune" guidelines. The Learning Outcomesbased Curriculum is provided by SPPU University to suit the present day needs of the student in terms of securing their path towards higher studies or a terminal degree guiding students towards career choices.

1: Learning outcomes form an integral part of college vision,

mission and objectives.

2: The learning objectives are communicated through various means such as college prospectus, Principal's address to students and parents, Alumni meets and dissemination in classroom by concerned staff. These are also prominently featured on college boards, college magazine, college website and other publications brought during conferences and seminars.

3: Students are made aware of the course specific outcomes through orientation programme, classroom discussion; expert lectures and practicals. Teachers are also well communicated about the outcomes.

4: The College deputed teachers for workshops, seminars, conferences and FDPs to enrich them to attain the outcomes while teaching learning in the classes.

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

Institution regularly evaluates the performance of students through various methods for measuring the attainment of each of the Program Outcomes (PO), Program Specific Outcomes (PSO) and Course Outcomes (COs) of each subject. Evaluation Process: The programme outcomes and Programme Specific outcomes are assessed with the help of course outcomes of the relevant programme through direct and indirect evaluation process. It is provided through University Examinations, home assignments, unit tests and prelim exam etc. Throughout the year the faculty records the performance of each student on each programme outcome. Attainment in Evaluation Process: Students under university examination are evaluated for 80% of total marks and institution for 20% marks as direct assessment. For calculating final attainment direct assessment has given weight of 90% and indirect assessment has given 10% weight. Indirect assessment is based on the exit survey from students after completion of the subject.

3.2 - Innovation Ecosystem

3.2.1 - Institution has created an ecosystem for innovations and has initiatives for creation and transfer of knowledge

The institute provides the facilities like project laboratories, equipment, and computer laboratories in each department, software's, internet, books and journals etc. to the students and faculties for innovation and transfer the knowledge. The students conduct the subject experiments in each departmental laboratories under the guidance of faculties. Also, the students conduct the projects under the guidance project guide. The institute having the Research and Development Cell (R&D) for give the innovative ideas and transfer the knowledge. The students were participated for seminars, workshops, conference, technical events organized by the different department. The faculties published their research in the various journals as well as conferences at national. All the departments of the institute were organized the events like FDP for the purpose of enriching the faculties all round development, Also, the different departments were organized the expert lectures, seminars, for purpose of increasing the interaction between the industry and institute. Thus, the institute continuously attempts to provide state of the art resources for innovations along with creation and transfer of knowledge.

3.4 - Extension Activities

3.4.1 - Extension activities are carried out in the neighborhood community, sensitizing students to social issues, for their holistic development, and impact thereof during the year

The Pravara Rural Education Society is established for social organization which strives to achieve the social requirements through the social activities. The institute follows the footprint of the parent organization by organizing the extension activities in the neighborhood rural communities for sensitizing the students to social issues, good values, service orientations, good citizenship and holistic development. The students and faculty members of the institute are involved with enthusiasm in conducting the career development programs regularly during the year. The institute has the National Service Scheme unit in collaboration with the Savitribai Phule Pune University. The NSS camp has helped and taught us to understand the rural life of villagers, difficulties and challenges faced by the villagers. Due to this the students can give the possible any social solutions for the same.

The different departments of the institute have organized some social activities by which the student becomes aware about HIV/AIDS & blood donation. The students of the Electrical Engineering Department conducted the awareness program on the "Save Electricity" as well as Fire & Safety. Swachhta Abhiyan is organized by the institute under this activity clean India campaigning is done by student.

To promote girl's student against their rights, institute held seminar on "Laws Protecting Women's Right", also all ladies faculties are gathered under one roof on the occasion of "Haladi - Kunku".

Thus, the institute continuously active for neighborhood community in terms of impact and sensitizing.

INFRASTRUCTURE AND LEARNING RESOURCES

4.1 - Physical Facilities

4.1.1 - The Institution has adequate infrastructure and physical facilities for teaching- learning. viz., classrooms, laboratories, computing equipment etc.

The institute encourages all the departments to participate and implement best teaching and learning techniques. All teachers in the institute plan and execute their course delivery by using modern ICT resources. The institute provided in all classrooms with sufficient number of benches, natural ventilation, platforms, green / black boards. In order to use the ICT facilities majority of the class rooms are provided LCD projectors with internet facilities. As per the norms of apex body, each department has sufficient laboratories to run UG and PG courses. Advanced equipments are made available to carry the research work. All laboratory equipments are physically verified and tested once in a semester and maintain the reports. Faulty equipments are tested internally and cross checked by external agency, if any equipments found beyond repairable are written off once in a year and subsequently replacement by new equipments. The infrastucture is available to conduct various technical activities such as seminars, workshops, expert lectures, conference, campus recruitments training sessions etc. In addition to this, institute has girls and boy's common rooms, hostel and sufficient well-maintained wash rooms, transport facilities, medical facilities and counselling facilities. The institute provided 400 computers compatible with latest version software's. All computers are connected with LAN. Recently upgraded 100 Mbps to 155 Mbps internet facilities provided by RailTel Corporation of India Ltd. Centralized computing facilities are available for conducting the online exams and other competitive exams and students' feedbacks.

4.2 - Library as a Learning Resource

4.2.1 - Library is automated using Integrated Library Management System (ILMS)

- Name of the ILMS software : KOHA
- Nature of Automation : Library is a Fully Automated
- Version : 3.22.07.000

Library has a book collection of 29,803 books Plus 9703 E- books (Total Books 39,506) (as on 27.05.2024), and for proper organization of the library material, library has purchased software, 'KOHA' Library Software which is a cloud hosting on Microsoft azure. Software is upgraded time to time against the regular Annual Maintenance Contract. One terminal is reserved for students to search information of availability and issue of Books. Web based Library Software with Web OPAC, Email & SMS Alert etc. (Online Public Access Catalogue- OPAC) and Single Window Where Complete Information about the Users Along With Circulation Status, Fine Status, Contact Details, Reading & circulation History etc. Varies types of reports can be generated with the use of above mentioned software which is useful for various committees and inspections from time to time. Book database is created along with user's database. Issue return process is fully automated and manual cards are kept as supporting documents for students and faculty. NPTEL Facilities provide for students & Staff. Bar-coding used: Yes Book issue and return is carried out with the help of barcode system. Each book and user's borrower card is bar coded.

4.3 - IT Infrastructure

4.3.1 - Institution frequently updates its IT facilities including Wi-Fi

To take care need of digitization the university prescribed certain configurations on which practicals can be performed. In our institute all the computing facilities are regularly monitored, replaced and upgraded above the norms specified. In each lab monthly monitoring and testing is carried out and appropriate action is taken accordingly. All laboratories and offices are LAN connected through CAT6 high speed cable. In order to maintain security of internal network institute have managed routers, multi layer switches as well as managed switches. Also to restrict unauthorized sites institute use firewall to filter web traffic. For all students and faculty login are made available through captive portal of SVIT. Internet is available 24x7 in campus for academic purpose. Each building of campus also connected with WiFi which having minimum range of 200 Mtr capable to connect 320 users to single device. Very recently we have upgraded internet facility from 48 Mbps to 155Mbps from RailTel Corporation of India Ltd. students are encouraged to use internet facilities not only in the academic building but also uses in the hostels. We have observed that usages of internet by the students and faculty for seminars, projects, specialized topic of research is increased form year to year. The internet facility are also used extensively for feedback system, online examinations, competitive examinations.

4.4.2 - There are established systems and procedures for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc.

The college has well established systems and procedures on place for maintaining and its utilization of various for infrastructure and other facility. Institute have independant civil and maintainance section who takes care about all the physical infrastructure and its facilities. Regular maintainance reports are maintained and any new proposals for change/addition of infrastructure shall be taken care time to time. For the academic support admission section,

studentsection, examination section, account section work coherently to take care the need of students. Seperate TPC, Alumni, Incubation, industry Institute interaction, skill development, student welfare, entrepreneur cells etc are available for overall development of students. Each cell maintains their own SOP's and reports. Laboratories and classrooms are utilized effectively as per timetable. Laboratories and classrooms are cleaned daily and repotrs are maintained. Lab inchares, lab cordinaters and head of department take care overall utilization of respective department laboratories. Sufficient computers are allotted to each department to carryout the experiments like programming/development/simulation/animations. All maintenance records are taken care by maintenance department. For library utilization seperate span of 2 hours is metioned in time table by each department. Depratment has appointed one faculty as library incharge to moniter library activity. Institute has appointed seperate physical director for coaching and support to studnets for various sports activities. Department has deputed seperate faculty for all sports events for overall coordination.

5.3.2 - Institution facilitates students' representation and engagement in various administrative, co-curricular and extracurricular activities (student council/ students representation on various bodies as per established processes and norms)

According to section 40(2)(b) of the Maharashtra Universities Act, 1994 to conduct various activities .

Student council means a group of students representatives elected from all students in the institution and to help plan activities for the students. A student council representative is assigned to each class. That person passes on requests, ideas and complaints from students in that class to the student council.,

Generally students council consists of President(chairman), Student Development Officer(S.D.O.), and students representing various fields like university level activities, annual social gathering ,sports, National Service Scheme, Girls representatives, cultural activities representatives, class representatives etc..

The Structure of Student council in our institute is as below.

1. Hon. Chairman (Principal)
2. Teacher (S.D.O.)
3. NSS Coordinator
4. Sports Director

5. Student General Secretary
6. Student University Representative
7. Student from NSS
8. Student For Cultural Activities
9. Student For Sports Activities
10. Students from Girls
11. Student Co-coordinator for Magazine
12. Class Representatives

The objectives of student council are as follow.

- 1)Improvement of academics ,Co-curricular, extracurricular, cultural, and social activities for Students personality development.
- 2) Resolving various problems occurred by interacting with management.
- 3) Developing leadership skills, team work skills, event management skills, social awareness skills in the students.

5.4 - Alumni Engagement

5.4.1 - There is a registered Alumni Association that contributes significantly to the development of the institution through financial and/or other support services

Association is registered with Registrar of Society's under the Societies Registration Act, 1860 with the registration number Reg. No.:MH/8655/04/nashik. Alumni association is an organization of the Ex-students of the institute. Alumni Association committee consists of representatives of student and faculty from each department. Alumni meet is arranged every year.

The main objective of the Association is to work in close association with the college authorities for the overall development of the college. The Alumni Association cell is in coordination with Training and Placement cell. All the members of the Association are engaged in promoting the cause of their alma mater and the society in general. The activities of the current year and plan the activities for the forthcoming year is planned. SVIT Face book page, departments WhatsApp groups, Google-groups accounts, group email IDs etc are available to connect with the Alumni and conduct the face to face Alumni interaction also having the Portal for Alumni only <https://alumni.pravara.in/>. We are requesting the alumni for registration portal so that all alumni are connected they come to know the happenings of Institute.

Contributions of Alumni:

(1) Alumni Meets.

(2) Placements.

(3) Training and Workshops.

(4) Career Guidance.**(5) Networking Platform.**

GOVERNANCE, LEADERSHIP AND MANAGEMENT**6.1 - Institutional Vision and Leadership**

6.1.1 - The governance of the institution is reflective of and in tune with the vision and mission of the institution

VISION:-

"To provide quality technical education in rural area to create competent human resources"

MISSION:-

"Committed to produce competent engineers to cater the needs of society by imparting skill based education through effective teaching learning process."

Description:-

The institute is committed to impart quality technical education in rural area in order to empower the youth and women in the region. The institute is well reputed with extraordinary characteristics like eminent and stable staff, consistent up gradation of lab

equipments, large number of books and online e- journals subscriptions, special efforts for to develop communication skills and research ability of students. The projects are undertaken to address and resolve social problems related to health, education, environmental protection, water conservation. Various stakeholders such as parents, students, Alumni, Industries, etc were involved in the process of formulation of vision and mission. The institute aims delivering engineering education through effective teaching learning process to compete with global standards.

6.1.2 - The effective leadership is visible in various institutional practices such as decentralization and participative management.

Yes,

The Institute supports a trend of decentralized governance system with proper well defined inter-relationships

The management of the institute has main two basic committees, governing body (GB) , Local Management Committee (LMC) and chairman, principal and HOD.

Regular meetings of these committees are held for the effective and smooth functioning of the institute. There are three levels of administrative structure under which all the activities of the institute are carried out.

Society level - The management of the institute is directed by Governing Body, whose members, are appointed in accordance with the guidelines provided by the Director of Technical Education, Savitribai Phule Pune University and AICTE.

Institute level - All the main decisions related to the institute are taken by the Principal in consultations with the Head of departments. Principal is the academic and administrative head of the Institute and the Member of the Governing Body. Some financial power is given to principal for the development of the institution.

Participative management

The institute always promotes the culture of participative management by involving staff and students in various activities. All decisions of the institution are governed by management. The students and faculties are allowed expressing themselves for any suggestions to improve the excellence in any aspect of the Institute.

6.2.2 - The functioning of the institutional bodies is effective and efficient as visible from policies, administrative setup, appointment and service rules, procedures, etc.

Functions of various bodies

Various committees are formed in the institute for the smooth and efficient management of activities. Following is the list of few bodies and their functions:

1. Governing Body
2. College Development Committee (Local Managing Committee)
3. Grievances redressal and Discipline Committee (Staff and Students)
4. Internal Complaint Committee
5. Woman Health care and personality development cell
6. Student welfare cell.
7. Academic monitoring committee.
8. Anti- ragging committee

Service rules and procedures:

The institution strictly follows the service rules according to the SPPU AICTE, and UGC norms. The institution runs more than 8 hours. All faculties have the benefits of EPF/GIS/Gratuity and Casual/Earned/Medical/Maternity/Compensatory Leaves.

Recruitment for various posts is taken place according to the norms.

Recruitment Policies:

The institute strictly follows AICTE/SPPU norms for staff recruitment. The HODs gives requirements as per Teaching Load and submit the staff requirement to Principal through office

superintendent and conduct the recruitment as per the norms.

Promotional Policies:

A promotion is the shifting of an employee from one position to another with more responsible duties or requiring more skills. Promotions are based on performance and qualifications required for the higher position. A pay rise is eminent in case of promotions but the Management reserves the right to do so.

6.3.5 - Institutions Performance Appraisal System for teaching and non- teaching staff

Institution has performance appraisal system for teaching and non

teaching staff

The institute has adapted annual self-assessment for the performance based appraisal system. Self-appraisal forms are filled by each and every staff member. The appraisal form contains general information, academic background, qualification up gradation, Workshop attended during the year, teaching-learning and evaluation related activities, Co-curricular & extracurricular activities, research & publications, number of academic & research projects carried out and other academic contributions.

This appraisal form is then checked and assessed by Head of department and accordingly remark is given by Head of department. Then personal interview is arranged with Head of department and principal for review and for setting the targets for next academic year and also to decide about increment and awards. The remark given by principal during this interview is forwarded to OS (office superintendent) of college. And accordingly increment is given to the teaching staff.

For Non- Teaching staff, the college conducts some exams which check the ability and talent of them. Then interview is conducted with Head of department and principal. Marks obtained during exam and interview is consider for the annual increment

6.4.3 - Institutional strategies for mobilization of funds and the optimal utilization of resources

The institute adopts the annual budget procedure with satisfied resources for repetitive and non repetitive required expenses (i.e. salary, research & development, staff development, maintenance, miscellaneous consumables etc.), learning resources (i.e. eBooks, magazines & journals) and development of new facilities.

The main resources available from collection of student's tuition fee & development fee.

The institute finalized the annual budget by collection the requirement from various departments.

The institute allocates the fund department wise as per availability.

The principal /Head of institute approves the budgetary requirement by doing inspection in presence of department/section heads.

The faculty members of different sections/departments give their sections existing & future requirement in prescribed format to the respective section/department heads.

The principal finalized the overall budget of institute and forward to the secretary for final approval.

After final approval the standard procedure adopts for procurements.

In the budget provision are also made for the any additional emergency expenses.

The budget prepares on the basis on existing resources available in hand of institute.

The miscellaneous consumable expenses (Administrative activities, events & functions etc.) are fulfilled with UGC & other grants.

6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes

Throughout the year, mandatory hands-on training, including project-based learning and internships, has been introduced for second and pre-final year students. Industry partners offer certification upon completion. The curriculum, developed in collaboration with companies, focuses on practical assignments, case studies, and collaborative projects tailored to industry needs. Regular check-ins and virtual networking events are held to assess students' progress

and keep them informed about the latest trends in their fields.

We've enhanced our promotional efforts through partnerships with industries and the signing of MOUs. Our academic calendar now incorporates technical training, along with aptitude and skill-based learning, ensuring our students are well-prepared for the workforce.

To enrich the knowledge of both faculty and students, we've made MOOC, NPTEL, and AICTE courses compulsory. Faculty and technical staff are receiving training in nearby industries. We're facilitating online expert lectures, seminars, visits, and collaborative projects with alumni for each department. This approach ensures students acquire practical knowledge and stay abreast of the latest industry trends.

Encouraging faculty to join professional bodies like IICHE, CSI, IETE, ISME, CMA & ISTE keeps them updated on the latest developments. Organizing national and state-level conferences and Faculty Development Programs (FDPs) fosters knowledge sharing and professional growth. Connecting faculty with peers and industry experts creates a culture of continuous learning for mutual benefit.

The institute conducts semester-wise academic and administrative audits, along with an academic monitoring system, to uphold academic standards and closely track student progress. This ensures quality education and promotes transparency in administrative processes.

6.5.2 - The institution reviews its teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals through IQAC set up as per norms and recorded the incremental improvement in various activities

IQAC takes review of teaching learning process in the institute through academic audit. It mainly comprises the Principal, Dean academics, Heads of departments and departmental senior faculty members as coordinators and members. A semester wise academic

calendar and activity calendars are prepared by consideration of the university academic calendar before commencement of the term and instructed to follow and conduct activities as per the schedule in each department. Under the able guidance of the academic dean, committee's monitors the class wise, faculty wise, subject wise, instruction delivery etc. The main aim of these committee's is to monitor the teaching learning process, structures and methodologies implemented and learning outcomes at periodic intervals. The COs of each and every subject mapped with the POs and PEO's and analysis were done by continuous internal evaluation (CIS) sheet for all the subjects for their outcomes. The academic and administrative audit of all the departments is carried out half yearly to monitor the routine of departments by internal monitoring committee. Academic records verified by the internal monitoring committee like academic calendar, event calendar, department portfolio, teaching load, teaching plan, students practical and theory attendance, results, other activities records etc. The personal appraisals of the faculties has been taken yearly and reviewed and feedback given to the faculties for the academic improvements.

INSTITUTIONAL VALUES AND BEST PRACTICES

7.1 - Institutional Values and Social Responsibilities

7.1.1 - Measures initiated by the Institution for the promotion of gender equity during the year

Here are some of the key measures that have been initiated:

1. **Mentoring Program:** By teaming mentors with people to provide direction, support, and encouragement, this program works to advance gender equity. It aims to promote equality and dismantle barriers based on gender. 2. **CCTV Surveillance:** Installing CCTV cameras around the clock improves the institution's safety and security. Particularly for women and gender minorities, this approach creates a sense of protection and discourages any transgression. 3. **Internal allegations Committee (ICC):** The ICC processes sexual harassment allegations in accordance with the Sexual Harassment of Women at Workplace Act, 2013, guaranteeing justice and promoting a respectful, safe environment for people of all genders. 4. **Technical Events:** The organization aims to reduce the gender gap frequently observed by holding technical events and promoting participation from all genders.

5. **Induction Program:** This program is a critical initial step in advancing gender equity, establishing the institution's culture and values, and demonstrating its commitment to promoting gender equity.

7.1.3 - Describe the facilities in the Institution for the management of the following types of degradable and non-degradable waste (within 200 words) Solid waste management Liquid waste management Biomedical waste management E-waste management Waste recycling system Hazardous chemicals and radioactive waste management

E-Waste Management

Our institution prioritizes the responsible management of electronic waste by facilitating the transfer of outdated machinery to affiliated schools within our educational network. This includes e-waste such as computers, CRTs, printers, and other obsolete devices. Our approach involves systematically decommissioning electronic kits, circuits, and devices, which are then auctioned to interested parties for further use. Several departments are designated to gather electronic waste, including CDs, batteries, fluorescent bulbs, and PCBs, ensuring proper and responsible disposal. Additionally, valuable components such as resistors, capacitors, inductors, diodes, transistors, and thermoreceptors are meticulously extracted from discarded devices and repurposed for various projects and practical applications.

Liquid Waste Management

To effectively manage liquid waste generated from sources such as the canteen and restrooms, our institution discharges effluent into a suitable drainage system designed to prevent stagnation and maintain hygiene throughout the campus.

Waste Recycling System

We have implemented a sewage treatment plant (STP) to enhance our waste recycling efforts. The treated water from the STP is utilized to irrigate our campus greenery, promote sustainability, and contribute to the maintenance of our environment.

Solid Waste Management

For solid waste management, our institution has contracted an external company responsible for the daily cleaning of academic buildings and common areas on campus. This company ensures that waste is systematically sorted and disposed of properly, aligning with our commitment to environmental responsibility and cleanliness.

7.1.8 - Describe the Institutional efforts/initiatives in providing an inclusive environment i.e., tolerance and harmony towards cultural, regional, linguistic, communal socioeconomic and other diversities (within 200 words).

Economical Backward Ward & Reservation: The institution is dedicated to inclusive education and diversity. It reserves seats for the Physically Handicapped, SC, ST, and OBC categories as per state regulations. Poor students are offered quality education at low costs, with some EWS students receiving fee waivers. The institution provides remedial classes for slow learners and caters to the needs of all students, irrespective of their gender, caste, or religion.

Soft Skill Development Program: The Soft Skill Development Program equips members with essential skills like communication, teamwork, and problem-solving to interact effectively with diverse individuals. It includes training on effective communication, conflict resolution, and empathy.

Cultural Celebrations: The institution organizes events such as Shiv Jayanti and Ganesh Utshav, which celebrate the rich cultural heritage of the region. These events bring together students and staff from diverse backgrounds, fostering a sense of unity and respect for different traditions.

Annual Cultural Function: The annual cultural function is a significant event that showcases the diverse talents and cultures within the institution. It includes performances, exhibitions, and activities that highlight the cultural, linguistic, and regional diversity of the student body. This event encourages participation from all students, promoting inclusivity and mutual respect.

7.1.9 - Sensitization of students and employees of the Institution to the constitutional obligations: values, rights, duties and responsibilities of citizens

The institution places significant emphasis on sensitizing its students and employees to their constitutional obligations, which encompass understanding and upholding the values, rights, duties, and responsibilities of citizens. Recognizing that nations are built by their citizens, it is crucial for every individual to comprehend and adhere to these constitutional mandates.

The Indian constitution, meticulously crafted with democracy at its core, serves as a guiding light in this endeavor. The institution, dedicated to preserving the diversity of its student body, undertakes various initiatives to fulfill its mission. It offers courses on ethics, commemorates national days such as Independence Day and Republic Day, and organizes seminars to instill a sense of civic responsibility among its students and staff. The Universal Human Values workshops, an integral part of the institution's curriculum, delve into topics such as national integration, citizen rights, and citizen duties, adding a unique dimension to the program.

Additionally, the institution hosts an orientation program for first-year students, covering a wide range of areas. These include yoga, human values, behavior, mind trafficking, relationships, trekking, morals, ethics, corporate culture, life skill management, cyber security, intelligence quotient, and meditation. This comprehensive program aims to equip students with the necessary skills and knowledge to navigate the complexities of life, both within and outside the institution. Through these efforts, the institution strives to foster a community of responsible and aware citizens, ready to contribute positively to the nation and the world.

7.1.11 - Institution celebrates / organizes national and international commemorative days, events and festivals

Annually, the Institution takes pride in commemorating significant days, events, and festivals through on-campus celebrations. These occasions witness active participation from students, faculty, and non-academic staff. The organization and coordination of these events are managed by various internal departments and committees.

Notable celebrations for the academic year 2023-24 include the 76th Independence Day on August 15, 2023, Teachers' Day on September 5, 2023, Sindhutai Vikhe Patil Birth Anniversary on August 1, 2023, Padmashri Dr. Vitthalrao Vikhe Patil Birth Anniversary on August 11,

2023, Engineers Day on September 15, 2023, Republic Day on January 26, 2024, International Women's Day on March 8, 2024. Each of these events was marked with great enthusiasm and celebration.

These celebrations foster a sense of community and cultural awareness, reflecting the institution's commitment to honoring its heritage and promoting inclusivity.

7.2 - Best Practices

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

Best Practice- I

1. Title of the Practice: Comprehensive Training Programs for Skill Development

The institution's training programs aim to enhance the skills and competencies of students and staff, bridging the gap between academic knowledge and practical application. These programs address specific skill gaps identified through feedback from industry partners, alumni, and academic assessments. They include workshops, seminars, hands-on training sessions, and certification courses covering technical skills, soft skills, leadership development, and industry-specific knowledge. Collaboration with industry experts ensures up-to-date training. Success is evident through improved skills, increased placement rates, and positive feedback from employers and alumni, highlighting the institution's commitment to producing job-ready graduates.

Best Practice-II

1. Title of the Practice: Anonymous Online Student Feedback System

The Anonymous Online Student Feedback System provides students with a confidential platform to share their honest opinions about the

academic and administrative aspects of the institution. This system aims to gather constructive feedback to enhance education quality, improve teaching methodologies, and address student concerns. Accessible through the institution's digital portal, it ensures complete anonymity. The feedback is analyzed by a dedicated committee, leading to actionable improvements. The system's success is evident through increased participation, improved teaching methods, and higher student satisfaction, contributing to a more efficient and student-friendly environment.

7.3 - Institutional Distinctiveness

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

Sir Visvesvaraya Institute of Technology is dedicated to fostering socio-economic change through inclusive, innovative, and quality education. The institute excels in holistic education and sustainability, providing students with a comprehensive learning experience. Its robust infrastructure and strong industry-academia collaboration equip students with practical workplace skills. Advanced teaching tools and methodologies further enhance the learning experience, while a values-based education prepares students for the corporate world.

Key Features:

- 1. Inclusive, Innovative, and Quality Education:** Committed to fostering socio-economic change through a diverse and inclusive educational approach.
- 2. ICT-Based Learning:** Enhances the educational experience and prepares students for the digital age with cutting-edge technology.
- 3. Industry-Academia Collaboration:** Provides students with practical insights and understanding of the workplace through strong industry

partnerships.

4. **Advanced Teaching Tools and Methodologies:** Enriches the learning process with modern and effective teaching techniques.

5. **Values-Based Education:** Equips students with the ethical and moral foundation necessary for the corporate world and beyond.

6. **Access to Specialized Education:** Ensures education for all, regardless of socioeconomic constraints, promoting equal opportunities.

7. **Promotion of Entrepreneurship and Career Counselling:** Prepares students for their professional journey with dedicated support and guidance.

8. **Sustainability Focus:** Includes green campus initiatives and teachings on energy conservation to promote environmental responsibility.

9. **Support for Rural and Underprivileged Students:** Extends career guidance and offers scholarships to ensure inclusive education.

10. **Student Feedback:** Utilized for continuous improvement in teaching methodologies and curriculum design, ensuring a responsive educational environment.

11. **Safe Learning Environment:** Maintains a safe and respectful campus with an internal committee dedicated to preventing sexual harassment.

Part B

CURRICULAR ASPECTS

1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

The institute is affiliated to Savitribai Phule Pune University and hence implements the curriculum prescribed by the university. Before the commencement of every academic year SPPU notifies academic calendar on the university website. Principal conducts meetings with all the department heads to develop strategies for effective implementation of the curriculum. Dean academic prepares institute academic calendar including curricular and co-curricular activities. Accordingly Heads of the Department prepare activity calendar of their department. Department time table is prepared and displayed on student notice boards. The teaching and laboratory plans are approved by HOD before the start of semester and communicated to students by respective course teacher. The course delivery in class rooms is done using blackboard, chalk and also Power point presentations using ICT tools. The college provides ample books and other teaching and reference materials like journals, magazines, ICT tools and software's to enable its teachers to ensure effective delivery of curriculum. Teaching learning is made student centric by employing techniques such as assignments, group discussion, printed lab manual, previous year question papers, brain storming, use of NPTEL lectures etc. Attendance of student is monitored and syllabus completion review is conducted at the end of every month.

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

Academic calendar is prepared for the institute referring to the academic calendar of Savitribai Phule Pune University. With

reference to institute calendar HOD and academic coordinator prepares departmental academic calendar. All departments adhere to the planning made in the academic calendar. At the start of academic calendar commencement of academics and Registration of FE to BE students for respective classes is mentioned. Conclusion of teaching date is also mentioned. Various events to be conducted throughout the semester such as Engineer's day, Teacher's day and various exams are mentioned in the calendar and followed. Continuous assessment record for the course is done and maintained by respective course teacher as per guidelines decided by the institute. Each practical is assessed for 10 marks out of which 5 marks are allotted for performance of practical and oral during practical and 5 marks are for completion/writing of journal. Average of all experiments is calculated out of 10 marks. Marks on the basis of overall attendance in all theory subjects are out of 5. Marks on the basis of class test/preliminary exam/assignments are converted to out of 10 marks. Based on above calculation marks are awarded to the students for term work.

1.3 - Curriculum Enrichment

1.3.1 - Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum

All departments in the institute have courses in curriculum which integrates cross cutting issues relevant to Gender, Environment and Sustainability, Human Values and Professional Ethics. Institute encourages boys and girls to participate in sports and cultural events. Girls and Boys rooms are available in the institute with all amenities. Internal complaints committee has been established for Counseling of students on received grievances. The cell has been organizing various programs for girl students such as Women's safety, health checkup, personality development for boys and girls. Girls and boy's hostels are available within college campus and common rules are made for both. Considering depleting energy sources and Pollution College has installed own solar power plant of 100KW. College has been conducting various social events such as tree plantation, rallies in nearby villages on energy conservation, save water rallies, seminars. College has NSS cell which conducts various environment related activities. A necessary part of curriculum is to inculcate good Human values among students. College has constructed ramp near staircase for physically challenged students. Lift facility is also made available to the students. Institute has given equal importance to professional ethics along with academics because knowingly and willingly students should not do wrong things.

2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

2.2.1 The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners:

The bright students are named as fast learner. Fast learner students are identified based on previous year's university examination results. Students having result SGPA ≥ 7.5 are treated as fast learners.

The weak students are named as slow learner. Slow learner students are identified based on previous year's university examination result and feedback from class teacher and mentors. Students having result SGPA ≤ 5.5 or fail in one or more subjects along with supplementary advice from class teacher/mentor are treated as slow learners.

Remedial coaching classes for fast learners':

Fast learners are provided several opportunities to develop their knowledge and skills.

Remedial coaching classes for slow learners':

More attention is given towards slow learners for their academic improvement and to enhance their performance. The students are also given extra assignments for each subject. Additional reading material and books in simple form is made available to increase their understanding of the subject.

2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

Sir Visvesvaraya Institute of Technology Engineering College considers in the adoption of students centric methods to enhance student involvement as a part of participative learning and problem solving methodology. Annual Social Gathering, Sports, Role Plays, Team works, Debates, Seminar Quizzes and case studies specifically Students centric Teaching Methods are reflected in project work, Field Visit, Technical Events, Industrial visit and guest lectures and hands on training.

Specifically the student's centric methodology includes:

A: Experiential Learning

1: Project work- Project work is organized in two phases 1) Mini project and 2) Major Projects: 2: Participation in competition at various levels

3: Field Visits and Industrial Visits

4: Guest Lecture/Workshop/Hands on Training/Seminars

B: Participated Learning:

1: Teamwork-All Departments organize student's activities to promote the spirit of team work.

2: Debates

C: Problem solving Methodology:

1: Case studies- Case study method is adopted in teaching learning process to make the students have logical thinking and practical knowledge to develop problem solving ability.

2: Analysis and Reasoning- Extra lectures are scheduled for aptitude and logical reasoning.

3: Quizzes - quizzes are organized by each department.

4: Research Activities

2.3.2 - Teachers use ICT enabled tools for effective teaching-learning process. Write description in maximum of 200 words

2.3.2 Teachers use ICT enabled tools for effective teachinglearning process.

College uses Information and Communication Technology (ICT) in education to support, enhance and optimize the delivery of education. The following tools are used by the Institute ICT Tools:

1. LCD Projectors

2. Desktops

3. Printers and scanners- They are installed at Labs, HOD Cabins and all prominent places.

4. Photocopier machines -are available at all prominent places in the Institute.

5. Seminar Rooms- Seminar halls are equipped with all digital facilities.

6. Smart Board- Three smart boards are installed in the campus.

7. Auditorium- It is digitally equipped with mike, projector, cameras and computer system.

8. Online Classes through Zoom, Google Meet, Microsoft Team, Google Classroom)

9. MOOC Platform (NPTEL) Use of ICT by FacultyA. Power Point presentations

B. Industry Connect- Seminar and Conference room are digitally equipped where guest lectures, expert talks from industry and various competitions are regularly organized for students.

C. Online quiz

D. Video Conferencing

E. Video lecture

F. Online competitions- Various technical events and management events such as Poster making, Project presentations, Debates, paper presentations etc. are being organized with the help of various Information Communication Tools.

2.5 - Evaluation Process and Reforms

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

2.5.1 Mechanism of internal assessment is transparent and robust in terms of frequency and mode

Transparency initiatives taken at institute level:

There is a standard process of internal examination in the college. According to the academic calendar, a student has to appear in 2-Unit test, 3- Assignment and Preliminary examinations, apart from University examinations. The schedule of the internal examination is decided at the beginning of the session, in the form of academic calendar. According to the academic calendar, a teacher has to take unit test, which may be in the form of written test. The marks of unit test are shown in the classrooms and each student can ask about its performance. They can observe their test copies. Record of obtained mark is written in register. If there is any difference or discrepancy in their marks, it can immediately be corrected. The test copy of unit test is shown to students for their observation. Some teachers analyses the solution and method of solving the paper in the class-rooms, especially in mathematics. The concerning subject teacher keeps the record of all internal exams, e.g., unit-test, Preliminary exams, if it is not secret in the university level.

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time- bound and efficient

2.5.2. Mechanism to deal with internal examination related grievances is transparent, time- bound and efficient

Sir Visvesvaraya Institute of Technology Engineering College is an affiliated under the University of SPPU Pune and therefore it follows the guidelines set by the University for the Conduct of examinations. For every Semester University conduct two examinations. First examination (INSEM) for 30 marks and at the end of the semester (ENDSEM) 70 marks final examination is conducted. The Internal Assessment forms a part of a continuous evaluation system conducted through Class Tests, Tutorials, Assignments, Projects selection and progressive presentations. All of these together constitute an integral part of Internal Examination which is carried out in a wellplanned and systematic manner. The institution has a well-defined system in place to deal with examination related grievances. The College has adopted an online system where each student can view their total assessment marks at the end of each semester and can report discrepancies, if any, within a specified time period after which the marks are finally uploaded on the University portal.

2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme and course outcomes for all Programmes offered by the institution are stated and displayed on website and communicated to teachers and students.

2.6.1 Programme and course outcomes for all Programmes offered by the institution are stated and displayed on website and communicated to teachers and students.

The Program Outcomes (POs) and Course Outcomes (COs) are adopted for all programs offered by the institution in accordance with "SPPU Pune" guidelines. The Learning Outcomesbased Curriculum is provided by SPPU University to suit the present day needs of the student in terms of securing their path towards higher studies or a terminal degree guiding students towards career choices.

1: Learning outcomes form an integral part of college vision, mission and objectives.

2: The learning objectives are communicated through various means such as college prospectus, Principal's address to students and parents, Alumni meets and dissemination in classroom by concerned staff. These are also prominently featured on college boards, college magazine, college website and other publications brought during conferences and seminars.

3: Students are made aware of the course specific outcomes through orientation programme, classroom discussion; expert lectures and practicals. Teachers are also well communicated about the outcomes.

4: The College deputed teachers for workshops, seminars, conferences and FDPs to enrich them to attain the outcomes while teaching learning in the classes.

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

Institution regularly evaluates the performance of students through various methods for measuring the attainment of each of the Program Outcomes (PO), Program Specific Outcomes (PSO) and Course Outcomes (COs) of each subject. Evaluation Process: The programme outcomes and Programme Specific outcomes are assessed with the help of course outcomes of the relevant programme through direct and indirect evaluation process. It is provided through University Examinations, home assignments, unit tests and prelim exam etc. Throughout the year the faculty records the performance of each student on each programme outcome. Attainment in Evaluation Process: Students under university examination are evaluated for 80% of total marks and institution for 20% marks as direct assessment. For calculating final attainment direct assessment has given weight of 90% and indirect assessment has given 10% weight. Indirect assessment is based on the exit survey

from students after completion of the subject.

3.2 - Innovation Ecosystem

3.2.1 - Institution has created an ecosystem for innovations and has initiatives for creation and transfer of knowledge

The institute provides the facilities like project laboratories, equipment, and computer laboratories in each department, software's, internet, books and journals etc. to the students and faculties for innovation and transfer the knowledge. The students conduct the subject experiments in each departmental laboratories under the guidance of faculties. Also, the students conduct the projects under the guidance project guide. The institute having the Research and Development Cell (R&D) for give the innovative ideas and transfer the knowledge. The students were participated for seminars, workshops, conference, technical events organized by the different department. The faculties published their research in the various journals as well as conferences at national. All the departments of the institute were organized the events like FDP for the purpose of enriching the faculties all round development, Also, the different departments were organized the expert lectures, seminars, for purpose of increasing the interaction between the industry and institute. Thus, the institute continuously attempts to provide state of the art resources for innovations along with creation and transfer of knowledge.

3.4 - Extension Activities

3.4.1 - Extension activities are carried out in the neighborhood community, sensitizing students to social issues, for their holistic development, and impact thereof during the year

The Pravara Rural Education Society is established for social organization which strives to achieve the social requirements through the social activities. The institute follows the footprint of the parent organization by organizing the extension activities in the neighborhood rural communities for sensitizing the students to social issues, good values, service orientations, good citizenship and holistic development. The students and faculty members of the institute are involved with enthusiasm in conducting the career development programs regularly during the year. The institute has the National Service Scheme unit in collaboration with the Savitribai Phule Pune University. The NSS camp has helped and taught us to understand the rural life of villagers, difficulties and challenges faced by the villagers. Due to this the students can give the possible any social solutions for the same.

The different departments of the institute have organized some social activities by which the student becomes aware about HIV/AIDS & blood donation. The students of the Electrical Engineering Department conducted the awareness program on the "Save Electricity" as well as Fire & Safety. Swachhta Abhiyan is organized by the institute under this activity clean India campaigning is done by student.

To promote girl's student against their rights, institute held seminar on "Laws Protecting Women's Right", also all ladies faculties are gathered under one roof on the occasion of "Haladi - Kunku".

Thus, the institute continuously active for neighborhood community in terms of impact and sensitizing.

INFRASTRUCTURE AND LEARNING RESOURCES**4.1 - Physical Facilities**

4.1.1 - The Institution has adequate infrastructure and physical facilities for teaching- learning. viz., classrooms, laboratories, computing equipment etc.

The institute encourages all the departments to participate and implement best teaching and learning techniques. All teachers in the institute plan and execute their course delivery by using modern ICT resources. The institute provided in all classrooms with sufficient number of benches, natural ventilation, platforms, green / black boards. In order to use the ICT facilities majority of the class rooms are provided LCD projectors with internet facilities. As per the norms of apex body, each department has sufficient laboratories to run UG and PG courses. Advanced equipments are made available to carry the research work. All laboratory equipments are physically verified and tested once in a semester and maintain the reports. Faulty equipments are tested internally and cross checked by external agency, if any equipments found beyond repairable are written off once in a year and subsequently replacement by new equipments. The infrastucture is available to conduct various technical activities such as seminars, workshops, expert lectures, conference, campus recruitments trainning sessions etc. In addition to this, institute has girls and boy's common rooms, hostel and sufficient well-maintained wash rooms, transport facilities, medical facilities and counselling facilities. The institute provided 400 computers compatible with latest version software's. All computers are connected with LAN. Recently upgraded 100 Mbps to 155 Mbps internet facilities provided by RailTel Corporation of India Ltd. Centralized computing facilities are available for conducting the online exams and other competitive exams and students' feedbacks.

4.2 - Library as a Learning Resource

4.2.1 - Library is automated using Integrated Library Management System (ILMS)

- Name of the ILMS software : KOHA
- Nature of Automation : Library is a Fully Automated
- Version : 3.22.07.000

Library has a book collection of 29,803 books Plus 9703 E- books (Total Books 39,506) (as on 27.05.2024), and for proper organization of the library material, library has purchased software, 'KOHA' Library Software which is a cloud hosting on Microsoft azure. Software is upgraded time to time against the regular Annual Maintenance Contract. One terminal is reserved for

students to search information of availability and issue of Books. Web based Library Software with Web OPAC, Email & SMS Alert etc. (Online Public Access Catalogue- OPAC) and Single Window Where Complete Information about the Users Along With Circulation Status, Fine Status, Contact Details, Reading & circulation History etc. Varies types of reports can be generated with the use of above mentioned software which is useful for various committees and inspections from time to time. Book database is created along with user's database. Issue return process is fully automated and manual cards are kept as supporting documents for students and faculty. NPTEL Facilities provide for students & Staff. Bar-coding used: Yes Book issue and return is carried out with the help of barcode system. Each book and user's borrower card is bar coded.

4.3 - IT Infrastructure

4.3.1 - Institution frequently updates its IT facilities including Wi-Fi

To take care need of digitization the university prescribed certain configurations on which practicals can be performed. In our institute all the computing facilities are regularly monitored, replaced and upgraded above the norms specified. In each lab monthly monitoring and testing is carried out and appropriate action is taken accordingly. All laboratories and offices are LAN connected through CAT6 high speed cable. In order to maintain security of internal network institute have managed routers, multi layer switches as well as managed switches. Also to restrict unauthorized sites institute use firewall to filter web traffic. For all students and faculty login are made available through captive portal of SVIT. Internet is available 24x7 in campus for academic purpose. Each building of campus also connected with WiFi which having minimum range of 200 Mtr capable to connect 320 users to single device. Very recently we have upgraded internet facility from 48 Mbps to 155Mbps from RailTel Corporation of India Ltd. students are encouraged to use internet facilities not only in the academic building but also uses in the hostels. We have observed that usages of internet by the students and faculty for seminars, projects, specialized topic of research

is increased form year to year. The internet facility are also used extensively for feedback system, online examinations, competative examinations.

4.4.2 - There are established systems and procedures for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc.

The college has well established systems and procedures on place for maintaining and its utilization of various for infrastructure and other facility. Institute have independant civil and maintainance section who takes care about all the physical infrastructure and its facilities. Regular maintainance reports are maintained and any new proposals for change/addition of infrastructure shall be taken care time to time. For the academic support admission section, studentsection, examination section, account section work coherently to take care the need of students. Seperate TPC, Alumni, Incubation, industry Institute interaction, skill development, student welfare, enterpreneur cells etc are available for overall development of students. Each cell maintains their own SOP's and reports. Laboratories and classrooms are utilized effectively as per timetable. Laboratories and classrooms are cleaned daily and repotrs are maintained. Lab inchares, lab cordinaters and head of department take care overall utilization of respective department laboratories. Sufficient computers are allotted to each department to carryout the experiments like programming/development/ simulation/animations. All maintenance records are taken care by maintenance department. For library utilization seperate span of 2 hours is metioned in time table by each department. Depratment has appointed one faculty as library incharge to moniter library activity. Institute has appointed seperate physical director for coaching and support to studnets for various sports activities. Department has deputed seperate faculty for all sports events for overall coordination.

5.3.2 - Institution facilitates students' representation and engagement in various administrative, co-curricular and extracurricular activities (student council/ students representation on various bodies as per established processes and norms)

According to section 40(2)(b) of the Maharashtra Universities Act, 1994 to conduct various activities .

Student council means a group of students representatives elected from all students in the institution and to help plan activities for the students. A student council representative is assigned to each class. That person passes on requests, ideas and complaints from students in that class to the student council.,

Generally students council consists of President(chairman), Student Development Officer(S.D.O.), and students representing various fields like university level activities, annual social gathering ,sports, National Service Scheme, Girls representatives, cultural activities representatives, class representatives etc..

The Structure of Student council in our institute is as below.

1. Hon. Chairman (Principal)
2. Teacher (S.D.O.)
3. NSS Coordinator
4. Sports Director
5. Student General Secretary
6. Student University Representative
7. Student from NSS
8. Student For Cultural Activities
9. Student For Sports Activities
10. Students from Girls
11. Student Co-coordinator for Magazine
12. Class Representatives

The objectives of student council are as follow.

1)Improvement of academics ,Co-curricular, extracurricular, cultural, and social activities for Students personality development.

2) Resolving various problems occurred by interacting with management.

3) Developing leadership skills, team work skills, event management skills, social awareness skills in the students.

5.4 - Alumni Engagement

5.4.1 - There is a registered Alumni Association that contributes significantly to the development

of the institution through financial and/or other support services

Association is registered with Registrar of Society's under the Societies Registration Act, 1860 with the registration number Reg. No.:MH/8655/04/nashik. Alumni association is an organization of the Ex-students of the institute. Alumni Association committee consists of representatives of student and faculty from each department. Alumni meet is arranged every year.

The main objective of the Association is to work in close association with the college authorities for the overall development of the college. The Alumni Association cell is in coordination with Training and Placement cell. All the members of the Association are engaged in promoting the cause of their alma mater and the society in general. The activities of the current year and plan the activities for the forthcoming year is planned. SVIT Face book page, departments WhatsApp groups, Google-groups accounts, group email IDs etc are available to connect with the Alumni and conduct the face to face Alumni interaction also having the Portal for Alumni only <https://alumni.pravara.in/>. We are requesting the alumni for registration portal so that all alumni are connected they come to know the happenings of Institute.

Contributions of Alumni:

(1) Alumni Meets.

(2) Placements.

(3) Training and Workshops.

(4) Career Guidance.

(5) Networking Platform.

6.1.2 - The effective leadership is visible in various institutional practices such as decentralization and participative management.

Yes,

The Institute supports a trend of decentralized governance system with proper well defined inter-relationships

The management of the institute has main two basic committees, governing body (GB) , Local Management Committee (LMC) and chairman, principal and HOD.

Regular meetings of these committees are held for the effective and smooth functioning of the institute. There are three levels of administrative structure under which all the activities of the institute are carried out.

Society level - The management of the institute is directed by Governing Body, whose members, are appointed in accordance with the guidelines provided by the Director of Technical Education, Savitribai Phule Pune University and AICTE.

Institute level - All the main decisions related to the institute are taken by the Principal in consultations with the Head of departments. Principal is the academic and administrative head of the Institute and the Member of the Governing Body. Some financial power is given to principal for the development of the institution.

Participative management

The institute always promotes the culture of participative management by involving staff and students in various activities. All decisions of the institution are governed by management. The students and faculties are allowed expressing themselves for any suggestions to improve the excellence in any aspect of the Institute.

6.2.2 - The functioning of the institutional bodies is effective and efficient as visible from policies, administrative setup, appointment and service rules, procedures, etc.

Functions of various bodies

Various committees are formed in the institute for the smooth and efficient management of activities. Following is the list of few bodies and their functions:

1. Governing Body
2. College Development Committee (Local Managing Committee)
3. Grievances redressal and Discipline Committee (Staff and Students)
4. Internal Complaint Committee
5. Woman Health care and personality development cell
6. Student welfare cell.
7. Academic monitoring committee.
8. Anti- ragging committee

Service rules and procedures:

The institution strictly follows the service rules according to the SPPU AICTE, and UGC norms. The institution runs more than 8 hours. All faculties have the benefits of EPF/GIS/Gratuity and Casual/Earned/Medical/Maternity/Compensatory Leaves.

Recruitment for various posts is taken place according to the norms.

Recruitment Policies:

The institute strictly follows AICTE/SPPU norms for staff recruitment. The HODs gives requirements as per Teaching Load and

submit the staff requirement to Principal through office superintendent and conduct the recruitment as per the norms.

Promotional Policies:

A promotion is the shifting of an employee from one position to another with more responsible duties or requiring more skills. Promotions are based on performance and qualifications required for the higher position. A pay rise is eminent in case of promotions but the Management reserves the right to do so.

6.3.5 - Institutions Performance Appraisal System for teaching and non- teaching staff

Institution has performance appraisal system for teaching and non teaching staff

The institute has adapted annual self-assessment for the performance based appraisal system. Self-appraisal forms are filled by each and every staff member. The appraisal form contains general information, academic background, qualification up gradation, Workshop attended during the year, teaching-learning and evaluation related activities, Co-curricular & extracurricular activities, research & publications, number of academic & research projects carried out and other academic contributions.

This appraisal form is then checked and assessed by Head of department and accordingly remark is given by Head of department. Then personal interview is arranged with Head of department and principal for review and for setting the targets for next academic year and also to decide about increment and awards. The remark given by principal during this interview is forwarded to OS (office superintendent) of college. And accordingly increment is given to the teaching staff.

For Non- Teaching staff, the college conducts some exams which check the ability and talent of them. Then interview is conducted with Head of department and principal. Marks obtained during exam and interview is consider for the annual increment

6.4.3 - Institutional strategies for mobilization of funds and the optimal utilization of resources

The institute adopts the annual budget procedure with satisfied resources for repetitive and non repetitive required expenses (i.e. salary, research & development, staff development, maintenance, miscellaneous consumables etc.), learning resources (i.e. eBooks, magazines & journals) and development of new facilities.

The main resources available from collection of student's tuition fee & development fee.

The institute finalized the annual budget by collection the requirement from various departments.

The institute allocates the fund department wise as per availability.

The principal /Head of institute approves the budgetary requirement by doing inspection in presence of department/section heads.

The faculty members of different sections/departments give their sections existing & future requirement in prescribed format to the respective section/department heads.

The principal finalized the overall budget of institute and forward to the secretary for final approval.

After final approval the standard procedure adopts for procurements.

In the budget provision are also made for the any additional emergency expenses.

The budget prepares on the basis on existing resources available in hand of institute.

The miscellaneous consumable expenses (Administrative activities, events & functions etc.) are fulfilled with UGC & other grants.

6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes

Throughout the year, mandatory hands-on training, including project-based learning and internships, has been introduced for second and pre-final year students. Industry partners offer certification upon completion. The curriculum, developed in collaboration with companies, focuses on practical assignments, case studies, and collaborative projects tailored to industry needs. Regular check-ins and virtual networking events are held to assess students' progress and keep them informed about the latest trends in their fields.

We've enhanced our promotional efforts through partnerships with industries and the signing of MOUs. Our academic calendar now incorporates technical training, along with aptitude and skill-based learning, ensuring our students are well-prepared for the workforce.

To enrich the knowledge of both faculty and students, we've made MOOC, NPTEL, and AICTE courses compulsory. Faculty and technical staff are receiving training in nearby industries. We're facilitating online expert lectures, seminars, visits, and collaborative projects with alumni for each department. This approach ensures students acquire practical knowledge and stay abreast of the latest industry trends.

Encouraging faculty to join professional bodies like IICHE, CSI,

IETE, ISME, CMA & ISTE keeps them updated on the latest developments. Organizing national and state-level conferences and Faculty Development Programs (FDPs) fosters knowledge sharing and professional growth. Connecting faculty with peers and industry experts creates a culture of continuous learning for mutual benefit.

The institute conducts semester-wise academic and administrative audits, along with an academic monitoring system, to uphold academic standards and closely track student progress. This ensures quality education and promotes transparency in administrative processes.

6.5.2 - The institution reviews its teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals through IQAC set up as per norms and recorded the incremental improvement in various activities

IQAC takes review of teaching learning process in the institute through academic audit. It mainly comprises the Principal, Dean academics, Heads of departments and departmental senior faculty members as coordinators and members. A semester wise academic calendar and activity calendars are prepared by consideration of the university academic calendar before commencement of the term and instructed to follow and conduct activities as per the schedule in each department. Under the able guidance of the academic dean, committee's monitors the class wise, faculty wise, subject wise, instruction delivery etc. The main aim of these committee's is to monitor the teaching learning process, structures and methodologies implemented and learning outcomes at periodic intervals. The COs of each and every subject mapped with the POs and PEO's and analysis were done by continuous internal evaluation (CIS) sheet for all the subjects for their outcomes. The academic and administrative audit of all the departments is carried out half yearly to monitor the routine of departments by internal monitoring committee. Academic records verified by the

internal monitoring committee like academic calendar, event calendar, department portfolio, teaching load, teaching plan, students practical and theory attendance, results, other activities records etc. The personal appraisals of the faculties has been taken yearly and reviewed and feedback given to the faculties for the academic improvements.

INSTITUTIONAL VALUES AND BEST PRACTICES

7.1 - Institutional Values and Social Responsibilities

7.1.1 - Measures initiated by the Institution for the promotion of gender equity during the year

Here are some of the key measures that have been initiated:

1. **Mentoring Program:** By teaming mentors with people to provide direction, support, and encouragement, this program works to advance gender equity. It aims to promote equality and dismantle barriers based on gender. 2. **CCTV Surveillance:** Installing CCTV cameras around the clock improves the institution's safety and security. Particularly for women and gender minorities, this approach creates a sense of protection and discourages any transgression. 3. **Internal allegations Committee (ICC):** The ICC processes sexual harassment allegations in accordance with the Sexual Harassment of Women at Workplace Act, 2013, guaranteeing justice and promoting a respectful, safe environment for people of all genders. 4. **Technical Events:** The organization aims to reduce the gender gap frequently observed by holding technical events and promoting participation from all genders.

5. **Induction Program:** This program is a critical initial step in advancing gender equity, establishing the institution's culture and values, and demonstrating its commitment to promoting gender equity.

7.1.3 - Describe the facilities in the Institution for the management of the following types of degradable and non-degradable waste (within 200 words) Solid waste management Liquid waste management Biomedical waste management E-waste management Waste recycling system Hazardous chemicals and radioactive waste management

E-Waste Management

Our institution prioritizes the responsible management of electronic waste by facilitating the transfer of outdated machinery to affiliated schools within our educational network. This includes e-waste such as computers, CRTs, printers, and other obsolete devices. Our approach involves systematically decommissioning electronic kits, circuits, and devices, which are then auctioned to interested parties for further use. Several departments are designated to gather electronic waste, including CDs, batteries, fluorescent bulbs, and PCBs, ensuring proper and responsible disposal. Additionally, valuable components such as resistors, capacitors, inductors, diodes, transistors, and thermoreceptors are meticulously extracted from discarded devices and repurposed for various projects and practical applications.

Liquid Waste Management

To effectively manage liquid waste generated from sources such as the canteen and restrooms, our institution discharges effluent into a suitable drainage system designed to prevent stagnation and maintain hygiene throughout the campus.

Waste Recycling System

We have implemented a sewage treatment plant (STP) to enhance our waste recycling efforts. The treated water from the STP is utilized to irrigate our campus greenery, promote sustainability, and contribute to the maintenance of our environment.

Solid Waste Management

For solid waste management, our institution has contracted an external company responsible for the daily cleaning of academic buildings and common areas on campus. This company ensures that waste is systematically sorted and disposed of properly, aligning with our commitment to environmental responsibility and cleanliness.

7.1.8 - Describe the Institutional efforts/initiatives in providing an inclusive environment i.e., tolerance and harmony towards cultural, regional, linguistic, communal socioeconomic and other diversities (within 200 words).

Economical Backward Ward & Reservation: The institution is dedicated to inclusive education and diversity. It reserves seats for the Physically Handicapped, SC, ST, and OBC categories as per state regulations. Poor students are offered quality education at low costs, with some EWS students receiving fee waivers. The institution provides remedial classes for slow learners and caters to the needs of all students, irrespective of their gender, caste, or religion.

Soft Skill Development Program: The Soft Skill Development Program equips members with essential skills like communication, teamwork, and problem-solving to interact effectively with diverse individuals. It includes training on effective communication, conflict resolution, and empathy.

Cultural Celebrations: The institution organizes events such as Shiv Jayanti and Ganesh Utshav, which celebrate the rich cultural heritage of the region. These events bring together students and staff from diverse backgrounds, fostering a sense of unity and respect for different traditions.

Annual Cultural Function: The annual cultural function is a significant event that showcases the diverse talents and cultures within the institution. It includes performances, exhibitions, and activities that highlight the cultural, linguistic, and regional diversity of the student body. This event encourages participation from all students, promoting inclusivity and mutual respect.

7.1.9 - Sensitization of students and employees of the Institution to the constitutional obligations: values, rights, duties and responsibilities of citizens

The institution places significant emphasis on sensitizing its students and employees to their constitutional obligations, which encompass understanding and upholding the values, rights, duties, and responsibilities of citizens. Recognizing that nations are built by their citizens, it is crucial for every individual to

comprehend and adhere to these constitutional mandates.

The Indian constitution, meticulously crafted with democracy at its core, serves as a guiding light in this endeavor. The institution, dedicated to preserving the diversity of its student body, undertakes various initiatives to fulfill its mission. It offers courses on ethics, commemorates national days such as Independence Day and Republic Day, and organizes seminars to instill a sense of civic responsibility among its students and staff. The Universal Human Values workshops, an integral part of the institution's curriculum, delve into topics such as national integration, citizen rights, and citizen duties, adding a unique dimension to the program.

Additionally, the institution hosts an orientation program for first-year students, covering a wide range of areas. These include yoga, human values, behavior, mind trafficking, relationships, trekking, morals, ethics, corporate culture, life skill management, cyber security, intelligence quotient, and meditation. This comprehensive program aims to equip students with the necessary skills and knowledge to navigate the complexities of life, both within and outside the institution. Through these efforts, the institution strives to foster a community of responsible and aware citizens, ready to contribute positively to the nation and the world.

7.1.11 - Institution celebrates / organizes national and international commemorative days, events and festivals

Annually, the Institution takes pride in commemorating significant days, events, and festivals through on-campus celebrations. These occasions witness active participation from students, faculty, and non-academic staff. The organization and coordination of these events are managed by various internal departments and committees.

Notable celebrations for the academic year 2023-24 include the 76th Independence Day on August 15, 2023, Teachers' Day on September 5, 2023, Sindhutai Vikhe Patil Birth Anniversary on August 1, 2023, Padmashri Dr. Vitthalrao Vikhe Patil Birth Anniversary on August 11, 2023, Engineers Day on September 15, 2023, Republic Day on January 26, 2024, International Women's Day on March 8, 2024. Each of these events was marked with great enthusiasm and celebration.

These celebrations foster a sense of community and cultural awareness, reflecting the institution's commitment to honoring its heritage and promoting inclusivity.

7.2 - Best Practices

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

Best Practice- I

1. Title of the Practice: Comprehensive Training Programs for Skill Development

The institution's training programs aim to enhance the skills and competencies of students and staff, bridging the gap between academic knowledge and practical application. These programs address specific skill gaps identified through feedback from industry partners, alumni, and academic assessments. They include workshops, seminars, hands-on training sessions, and certification courses covering technical skills, soft skills, leadership development, and industry-specific knowledge. Collaboration with industry experts ensures up-to-date training. Success is evident through improved skills, increased placement rates, and positive feedback from employers and alumni, highlighting the institution's commitment to producing job-ready graduates.

Best Practice-II

1. Title of the Practice: Anonymous Online Student Feedback System

The Anonymous Online Student Feedback System provides students with a confidential platform to share their honest opinions about the academic and administrative aspects of the institution. This system aims to gather constructive feedback to enhance education quality, improve teaching methodologies, and address student concerns. Accessible through the institution's digital portal, it ensures complete anonymity. The feedback is analyzed by a

dedicated committee, leading to actionable improvements. The system's success is evident through increased participation, improved teaching methods, and higher student satisfaction, contributing to a more efficient and student-friendly environment.

7.3 - Institutional Distinctiveness

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

Sir Visvesvaraya Institute of Technology is dedicated to fostering socio-economic change through inclusive, innovative, and quality education. The institute excels in holistic education and sustainability, providing students with a comprehensive learning experience. Its robust infrastructure and strong industry-academia collaboration equip students with practical workplace skills. Advanced teaching tools and methodologies further enhance the learning experience, while a values-based education prepares students for the corporate world.

Key Features:

- 1. Inclusive, Innovative, and Quality Education:** Committed to fostering socio-economic change through a diverse and inclusive educational approach.
- 2. ICT-Based Learning:** Enhances the educational experience and prepares students for the digital age with cutting-edge technology.
- 3. Industry-Academia Collaboration:** Provides students with practical insights and understanding of the workplace through strong industry partnerships.
- 4. Advanced Teaching Tools and Methodologies:** Enriches the

learning process with modern and effective teaching techniques.

5. **Values-Based Education:** Equips students with the ethical and moral foundation necessary for the corporate world and beyond.

6. **Access to Specialized Education:** Ensures education for all, regardless of socioeconomic constraints, promoting equal opportunities.

7. **Promotion of Entrepreneurship and Career Counselling:** Prepares students for their professional journey with dedicated support and guidance.

8. **Sustainability Focus:** Includes green campus initiatives and teachings on energy conservation to promote environmental responsibility.

9. **Support for Rural and Underprivileged Students:** Extends career guidance and offers scholarships to ensure inclusive education.

10. **Student Feedback:** Utilized for continuous improvement in teaching methodologies and curriculum design, ensuring a responsive educational environment.

11. **Safe Learning Environment:** Maintains a safe and respectful campus with an internal committee dedicated to preventing sexual harassment.

File Description	Documents
Appropriate web in the Institutional website	View File
Any other relevant information	View File

7.3.2 - Plan of action for the next academic year

The Institute has outlined a comprehensive plan of action for the next academic year, focusing on enhancing the learning experience and fostering a culture of innovation. Here are the key components:

- **Curriculum Enhancement:**
 - **Multidisciplinary Approach:** Introduce a flexible curriculum that allows students to explore subjects across disciplines, fostering critical thinking and creativity.

- **Skill Development:** Integrate vocational training and skill development courses into existing programs to prepare students for the job market.
- **Teaching and Learning Innovations:**
 - **Experiential Learning:** Emphasize hands-on learning through internships, projects, and industry partnerships, bridging the gap between theory and practice.
 - **Technology Integration:** Enhance digital literacy by incorporating technology in teaching methods and using online platforms for blended learning experiences.
- **Inclusivity and Accessibility:**
 - **Equitable Education:** Implement measures to support students from diverse backgrounds, including scholarships and mentorship programs for underprivileged groups.
 - **Language Diversity:** Promote multilingual education by offering courses in regional languages alongside English, fostering cultural inclusivity.
- **Teacher Development:**
 - **Continuous Professional Development:** Establish regular training sessions for faculty to adopt innovative teaching strategies and stay updated with educational technologies.

By adopting these strategies, SVIT can effectively implement NEP 2020's vision of a holistic, inclusive, and skill-oriented education system.
