

Strategic Plan and deployment of Activity

The institute has prepared a strategic plan to fulfill infrastructure of the institute, academic development, extra curriculum activities, sports, culture and defined targets for the infrastructural facilities and academic development of the institute. These targets have been set with extensive consultation with all stakeholders, staff, faculty, alumni, management and the industry.

Perspective plan of the institute are

1. Development of Running Track on play ground.
2. Building of Swimming tank under Government scheme.
3. Effective utilization of installed 100 KW solar power plant.
4. Starting of Biogas plant and waste water management system.
5. Registering the MOU's with different Technical & non technical organization. Approving the funds from various government agencies like AICTE, UGC, DTE etc.
6. Up gradation of MOU's with industries and other organization.
7. Up gradation of transport and Bus facility.
8. Development of Alumni cell to increase placement ratio of college.
9. Skill development cell.
10. Construction of road from college main gate to administrative building and college boys and Girls hostel.
11. Organizing the expert lectures of industry and other experts for the development of personality and technical knowledge of student.
12. Arrangement of industrial visits for the students to enhancement of the interaction with latest industrial technology.

Example of one activity successfully implemented

Development of Running Track on Playground

One of the main agenda was Development of Running Track on Playground at SVIT campus, Sinnar. The implementation of work of development of running track was started at July, 2023 and all the work completed at May 2024.

It was decided in strategic plan to develop a running track on playground in the Shindhu Chhya Campus.

1. Location of Institute:-

The campus of Pravara Rural Education Society's SIR VISVESVARAYA INSTITUTE OF TECHNOLOGY, Nashik is situated at the South-west direction of Sinnar city near to Chincholi village on the Nashik- Pune Highway Data collection- As the Chincholi is located at 10 km from Sinnar city.

2. Running Track Specification:-

Length (Overall)	: 580'5" 176.91 m
Width (Overall)	: 303'6" 92.5 m
Area (Overall)	: 157,092 ft ² 14,594 m ²
Radius (Inner)	: 119'9" 36.5 m
Length (Center)	: 276' 10" 84.39 m
Lane Width	: 4' 1.22 m
Races	: 100m, 200m, 400m
Cost of Dam	- Rs.196,490/-

3. Safety features:-

- Lane markings: Lanes should be clearly marked with contrasting colors to make them easy to see.
- Run-off areas: The area at the end of a race and outside the track should be clear of obstacles.
- Run-off surface: Run-off areas should be on solid ground.
- Spectator seating: Seating should be arranged so that spectators can see the entire track.
- Amenities: Facilities should include restrooms, concessions, and first aid stations.
- Accessibility: The track should be accessible to people with disabilities, including ramps, pathways, and seating.
- Lighting and security: The track should be well-lit and have security measures in place.
- Maintenance: The track should be regularly maintained to ensure its integrity.

Other safety considerations include:

- Ensuring there is a suitable access point to the track
- Making sure no one crosses the track during races
- Ensuring blind competitors have enough space
- Ensuring implements are well maintained and stored properly

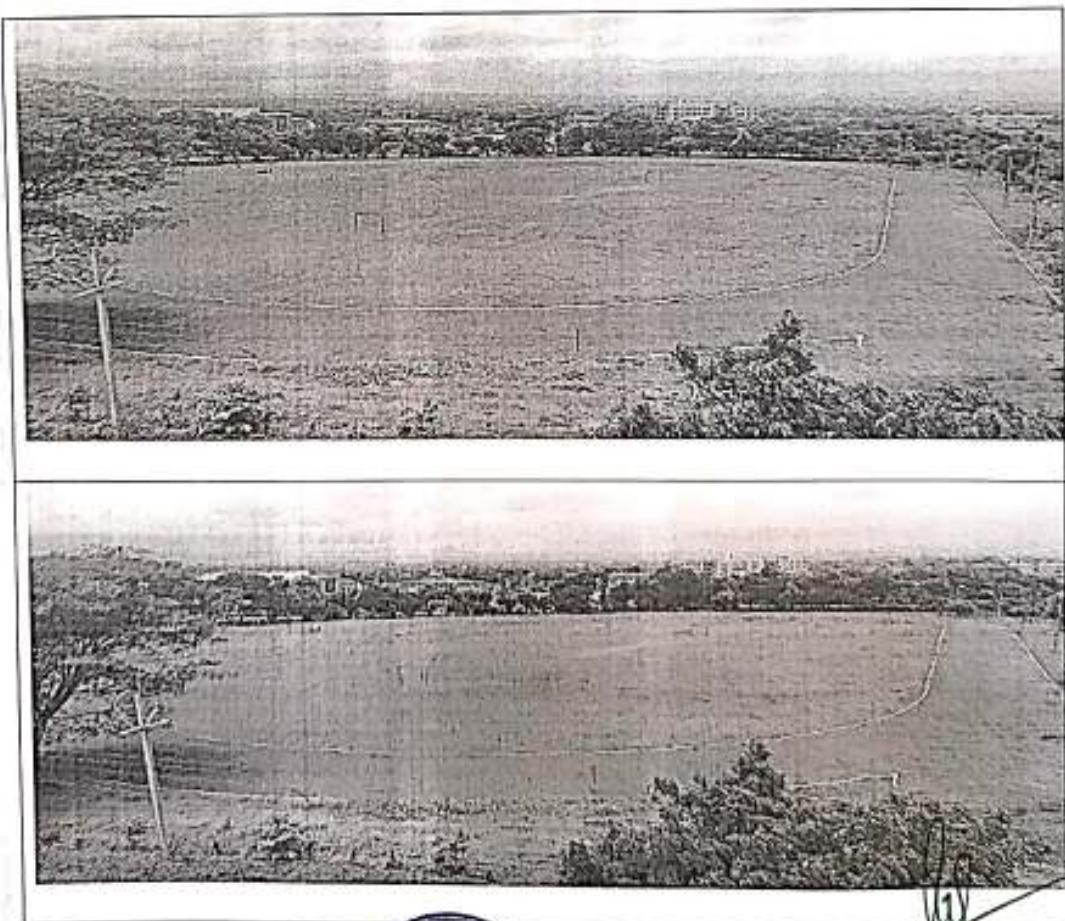

4. Maintenance of Running Track:-

- 1) Checking of track in regular intervals, maybe even every day, for dirt and damage.
- 2) Basic Sweeping and Debris Removal.
- 3) Intensive Running Track Cleaning
- 4) Running Track Repair & Resurfacing.

5. Closing Remark:-

Running Track was successfully completed in the prescribed time period as per specification. Track is opened for all campus boys, Girls and hostilities students

All safety precaution is taken during construction and it was maintained properly.
