PRAVARA TECHNICAL EDUCATION CAMPUS NASHIK
NASHIK

2.2.1 The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners:

The bright students are named as fast learner. Fast learner students are identified based on previous year's university examination results. All students having result SGPA >= 7.5 are treated as fast learners.

The weak students are named as slow learner. Slow learner students are identified based on previous year's university examination result and feedback from class teacher and mentors. All students having result SGPA < 5.5 or fail in one or more subjects along with supplementary advice from from class teacher/mentor are treated as slow learners.

Remedial coaching classes for fast learners':

Fast learners are provided several opportunities to develop their knowledge and skills.

The fast learner students are encouraged to attend the conference/training/workshop/seminar/Paper Presentation or inter college Technical Fest/State or National Events etc.

Remedial coaching classes for slow learners':

More attention is given towards slow learners for their academic improvement and to enhance their performance. The students are also given extra assignments for each subject. Additional reading material and books in simple form is made available to increase their understanding of the subject. E-links are also suggested to the students to help them gain an in-depth knowledge of the subject. Some faculty members guide the students personally as well as they are encouraged to discuss their problems. It has been successful outcome as the targeted group of slow learners showed improvement in the academic activities and university examination.
